085959978483 | syahronibawafi@gmail.com | <https://syahroni-bawafi.vercel.app> | Jember, Indonesia

I am a dedicated Full Stack Developer with experience in building modern, user-centric web applications. Proficient in both frontend and backend technologies, I have developed a solid foundation in programming languages, frameworks, and tools. My personal projects have honed my ability to design efficient databases, integrate APIs, and create intuitive user interfaces. Passionate about continuous learning, I strive to stay updated with the latest industry trends to deliver scalable and high-quality software solutions.

## EXPERIENCE

---

### ENIGMA CAMP

Jun 2024 - Sep 2024

Trainee

- Learned Java, Spring Boot, React.js, and React Native through hands-on training.
- Developed a full-stack final project as a frontend developer, implementing responsive interfaces with React.js and contributing to backend API integration using Spring Boot.
- Gained experience in Docker, database management, and Git version control.

## PROJECTS

---

### GAMESANTARA

- Developed a gaming-focused forum website as part of a bootcamp final project.
- Collaborated on frontend, backend, and mobile development
- Enabled gamers to connect, share experiences, and build communities with features like discussion boards and user profiles.

### QURAN PORTAL ([Link](#))

- Sliced and crafted the UI design, ensuring a visually appealing and responsive layout across devices.
- Integrated a public API to seamlessly retrieve Quranic surah and verse data.
- Implemented key features such as verse search and intuitive surah navigation for enhanced user experience.

### MOVIE PULSE ([Link](#))

- Sliced and crafted the UI design, ensuring a visually appealing and responsive layout across devices.
- Leveraged the TMDb API to efficiently retrieve comprehensive movie data, including details, ratings, reviews, and more.
- Implemented interactive features such as advanced search functionality and intuitive navigation.

### CHOMP RESTAURANT ([Link](#))

- Sliced UI design, ensuring a visually appealing and responsive layout across devices.
- Public API integration of random quotes to be placed in the footer.

## EDUCATION

---

### SMKN 7 JEMBER

Jul 2018 - 2021

High School - Computer And Network Engineering .

## SKILLS

---

- **Frontend Development** : Javascript, Typescript, Tailwind CSS, React JS, React Native, Next JS, Redux Toolkit, Vue JS, CSS, HTML
- **Backend Development** : Java, SpringBoot, Go Language, Express JS, MYSQL, PostgreSQL,
- **Tools** : Git, Figma, Docker, Linux, Postman
